VDLUFA Fertiliser Ring Tests EU Q1/2009 to EU Q10/2018 Order-Form for Reference Material from Preceding Ring Tests

I/we hereby order the following reference material from preceding VDLUFA EU-Fertiliser Ring Tests, forwarded as 1 kg-unit, together with a short report on the outcome of the tests.

- EU Q01/2009: NPK fertiliser (12+12+17S/Cl +2MgO+8S)
- EU Q02/2010: dolomite (magnesium calcium carbonate)
- EU Q03/2011: NPK slow release fertiliser (Isobutylidendiurea with S, B, Fe, Cu, Mn and Zn)
- EU Q04/2012: Potassium Chloride with Magnesium 40 (+6+4+12)
- EU Q05/2013: NPK (Mg, S) 12+12+17 (2+8)
- EU Q06/2014: NP 12+52
- EU Q07/2015: Liquid micronutrient fertiliser ‚Multimicro® fluid‘ (no longer available)
- EU Q08/2016: Magnesium carbonate (dolomitic – limestone)
- EU Q09/2017: Calcium ammonium nitrate (CAN 27)
- EU Q09/2017: Urea 46
- EU Q10/2018: Potassium Chloride 60 (60er Kali),
- EU Q10/2018: Organic NPK fertiliser

I/we agree with the below listed conditions:

- Sample costs amount to € 200.00 (€ 100.00 for ring test participants), **plus** the applicable value-added tax (VAT) and forwarding expenses,
- As participant from an European Union member state, VAT is deductible, provided that I/we provide a VAT identification, which can be confirmed,
- I/we understand that samples will only be submitted after successful payment.

Name and address of the applicant (laboratory):

Person responsible: _____

E-mail: _____

Tel.: _____

Fax: _____

In case your laboratory is situated in a European Union member state, please indicate local notation of institution and legal status:

VAT identification number of your institution: _____

Name _____

Legal status _____

Town _____

ZIP _____

Street address _____

Date: _____ Name: _____
